Vicksburg, Miss., Oct. 9.—Three new es of yellow fever were reported at m. today, bringing the total cases to 141, with 15 deaths.

Forty cases are under treatment, ral of whom are critically ill.

Only One New Case at Natchez.

Natchez, Miss., Oct. 9.—One new case of a white person, was re- ed this morning, making the total of 130 cases to date, and thirty-one under treatment. The difference between the physicians and civil authorities has been amicably arranged.

Forbids Schools to Open.

Birmingham, Ala, Oct. 9.—A special to the News from Jackson, Miss., says that the state board of health has issued an order forbidding boarding schools and colleges of the state to open before November 1st, on account of the yellow fever infection.

BAY STATE DEMOCRATS MEET.

Lively Nominating Convention is Held at Boston, Mass.

Boston, Mass., Oct. 9.—The only drawback to unanimity in voting at the Democratic state convention at Faneuil Hall, in this city, today was the possible entrance as a candidate for governor of former Mayor John H. H. McNamee, of Cambridge.

The state committee had arranged a slate headed by General Charles W. Bartlett, of Boston, as the candidate for governor, and Henry M. Whitney, of Brookline, for lieutenant governor. Efforts had been made to induce Mr. McNamee to withdraw. He seemed determined, however, to go into the convention because he had been given the support of the delegates from Medford and Cambridge, and some from the western part of the commonwealth. The remainder of the ticket as agreed upon, includes:

Henry M. Little, of Newburyport, for secretary of state; John P. Leahy, of Boston, for attorney general; Patrick J. Ashe, of North Adams, for auditor; and Daniel J. Doherty, of Westfield, for treasurer and receiver general.

The platform to be presented by the committee on resolutions was understood to contain a plank favoring milder gradual municipal ownership, a declaration against federal supervision of insurance companies, and a reciprocity plank almost identical with that proposed by the committee of one hundred of the Boston chamber of commerce, of which Henry M. Whitney is president.

Former Congressman John P. Thayer, of Wooster, was selected as permanent chairman.

WOMAN DIVULGED THE PLANS.

Two Men Who Had Been Robbing a Jewelry Store Arrested.

Chicago, Oct. 9.—Hymen Tells, 18 years old, an employe of a firm of wholesale jewelers, and Fred Langwell, 28 years old, are under arrest charged with larceny and conspiracy to rob Tell's employers of jewelry. Both are said to have confessed their guilt.

Langwell is a peddler, who had been a customer of the jewelry firm for several years. According to Tell's confessoon, Langwell proposed to him two months ago that he steal watches and jewelry and sell them to Langwell. Since then it is estimated that Tells has taken about $3,000 worth of trinkets and watches and delivered them to Langwell, who, it is said, intended to open a retail store and sell the jewelry stolen by Tells.

The police were notified of the conspiracy two weeks ago, by Mrs. aKte Williams. They say Langwell had made Mrs. Williams his confidant and that after a quarrel she divulged his plans to the police.

Killed By Boiler Explosion.

Swainsboro, Ga., Oct. 9.—News has just reached here that the boilers of the large saw mill of E. D. Mullins, located between Summertown and Summit, this county, exploded, killing one negro instantly and seriously wounding five others, two of whom, it is said, cannot recover. The engine house and fixtures, including the engine and boilers, were completely demolished. It is said the damage to the machinery is at least $1,000.

Fatally Injured Playing Football.

Philadelphia, Pa., Oct. 9—F. Fugoe, aged 23 years, of Pendleton, Ind., a student at Swarthmore College, is in the university hospital seriously injured as the result of football practice. This is Fugoe's first year in college. He is suffering from hemorrhage of the brain and recovery is doubtful.

TERRIBLE TRAGEDY IN NEW YORK STATE

Four People Are Killed. Crime Shrouded in Mystery.

NO CLEW TO PERPETRATORS

While the Pockets of the Men Were Rifled, Yet It Is Believed that Robbery Was Not the Motive of the Crime—Autorities Working on Case.

Middletown, N. Y., Oct. 9.—A triple murder was revealed here today, when the body of Willis and Fred Olney were found in the woods half a mile from their home, at which last night was found the murdered body of Alice Ingerick. Both brotaers had been shot. Before night the crime is expected to number one more victim, Mrs. Georgia Ingerick, mother of the girl Alice. The mother, who was found unconscious in the barn of the Olney brothers' farm last night, has not regained consciousness, and was said by physicians today to be dying with three fractures in her skull.

The entire neighborhood declares that there were other motives than robbery for the commission of the crime, and that the rifling of the Olney brothers' pockets was only a ruse.

The four persons in the house about dark yesterday, according to Lulu Ingerick, who left the place shortly before the tragedy, were Willis Olney, 62 years old, Fred Olney, 58 years old, Mrs. Ingerick, the housekeeper of the two brothers, and her small daughter, Alice. Lulu, who is 13 years of age, went to Middletown returning in time for a late supper.

Finding the house empty, the girl in fright summoned neighbors who searched the house and premises.

Alice was found dead in the cellar, her head beaten with an iron pipe. Her mother was found in the barn apparently beaten by the same instrument, which was picked up on the kitchen floor by the searching party.

Willis Olney was a widower and Fred was a bachelor.

Mrs. Ingerick, who had separted from her husband, had been employed as housekeeper at the Olney brothers' place only about a month.

In the house no traces of robbery have yet been found. The only articles of value known to have been taken from the two brothers in the rifling of their pockets were two silver watches. Considerable comment was excited here by the similarity of the position of the two bodies found in the woods as each had the right arm crossed over the breast in the same position.

Fred Olney's body had two bullet wounds in the right side and an odd circumstance was that the wounds were under the right arm in such a position that the arm must have been raised high before the shots were fired.

MAN AND WIFE FIGHT DUEL.

Woman is Killed and Husband is Seriously Wounded.

New York, Oct. 9.—Denton H. Hopkins, a die cutter in Brooklyn, shot and instantly killed his wife in a duel with her in the hallway of her flat in Johnson street, Brooklyn, today.

Although married thirty years, the two were living apart, having quarreled over money matters.

Today Hopkins called at his wife's flat, knocked for admission, and when she opened the door they began to fire at each other with revolvers.

Hopkins' sister, who witnessed the duel, was unable to say who shot first.

Hopkins was wounded in the hand by a bullet from his wife's weapon and finally shot her in the eye. She died instantly. Hopkins was arrested and charged with murder.

Suspends County Treasurer.

Columbia, S. C., Oct. 9—Upon information furnished by the comptroller general, Governor Heyward today suspended J. M. Whetsell, treasurer of Dorchester county. Whetsell is short in his accounts to the amount of $2,364.69. The office will be in the hands of the county auditor until a successor is named by the legislative delegation.

NEW TREATMENT FOR DISEASE.

Dr. Behring's Cure for Tuberculosis Has Created a Sensation.

New York, Oct. 9.—Whatever may be the practical value of Dr. Behring's new treatment of tuberculosis, the Matin's announcement of his discovery has created a sensation both in scientific circles and with the general public, says a cable dispatch to the Herald from Paris.

Dr. Behring complains that the Matin has not correctly interpreted his declarations.

"The exact facts are," he said, "that I have been studying for a long time a new method of treating tuberculosis and think I have broken fresh ground. There are certain animals which contract this malady with great facility and have hitherto proved refractory to all attempts at vaccination.

"I have finally succeeded in rendering them immune, as regards the bascillus, and probably can even cure them when the disease is fully developed in them.

"Experiments on mankind have not yet been made, but there is ground for hope in this respect, the path I am following being totally different from those explored up to the present."

OFFICERS BAFFLED BY AMMONIA

While Raiding an Alleged Pool Room, Sixteen Men Arrested.

New York, Oct. 9.—A squad of officers were held in check for three-quarters of an hour yesterday by ammonia while raiding an alleged pool room in Bond street.

The first door the raiders met was of wood and was quickly demolished. After arresting the alleged lookout, and another man, they attacked the second door with sledges and crowbars.

While they were smashing in the iron bound door, they were sent reeling back by the overpowering fumes of ammonia, which came from under the door. Leaving one man on guard after fruitless attempts to stand the fumes, the erest entered the next building, went to the roof and entered the window of the place they wanted, and from the fire escape through an iron-bound window. No trace of the ammonia would be found. Not one of the sixteen men in the place was allowed to escape.

STORY BELIEVED TO BE FAKE.

Newport, R. I., Business Man Receives Letter Regarding a Death.

Newport, R. I., Oct. 9.—Signed by H. E. Campbell, of the Hotel Imperial, at Dallas, Tex, a letter on Sept. 12 told W. J. Browley, a Newport business man, that his son-in-law, Edward B. Carson, had died in New Orleans of yellow fever and his body had been cremated. Now Browley believes Carson is not dead and that the writer of the letter had a purpose in deceiving him.

Chief of Police Keith, of Dallas, says that no such man as H. E. Campbell has been at the Imeprial hotel. It has been learned that there is no record of Carson's death in New Orleans.

Carson was only 16 years old when he was a bugler in a battery before Santiago. Later he went to the Philippines, where he won a medal of honor by swimming a river and bringing relief to his companions, who were hemmed in by the enemy.

Daughters Elect Officers.

San Francisco, Oct. 9.—The United Daughters of the Confederacy have elected the following officers for the ensuing year: President, Miss Lizzie George Henderson, Mississippi; first vice president, Mrs. Alfred H. Cowles, San Francisco; second vice president, Mrs. V. A. S. Vaught, Louisiana; recording secretary, Mrs. P. Hickman, Tennessee; corresponding secretary, Mrs. A. W. Ratley, Mississippi; custodian of crosses, Mrs. R. Caldwell, Georgia; custodian of flags Mrs. A. Cantrill, Kentucky; treasurer, Mrs. James T. Lee, Virginia.

Postoffice Strong Box Robbed.

Cleveland, O., Oct. 9—Robbers blew the strong box in the postoffice at Chagrin Falls, a suburb, early today and escaped after exchanging shots with Banker W. H. Rodgers, who had been aroused. Just how much money the robbers secured is no known.

FUGITIVES RETURN TO UNITED STATES

Gaynor and Greene in Custody of Federal Officers.

WILL HAVE TO STAND TRIAL

The Return of These Men Will Open Up Again the Famous Carter Case Who, It Is Claimed, Defrauded the Government at Savannah.

Montreal, Oct. 9.—The last chapter, as far as Canada is concerned, in the celebrated Gaynor and Greene case, was closed today when the two men left the Bonaventure station of the Grand Trunk railway on a Delaware and Hudson train at 8:40 o'clock a. m. A large crowd of people were present to see them off, but the most notable thing about the departure was the large number of secret service men who were around.

They were in charge of W. J. Finn, head of the secret service bureau of New York. On behalf of the Dominion government, Silas H. Carpenter, chief of the Montreal detective force, who kidnaped the two men from Quebec, and Inspector McMahon, went with the party as far as Rouses Point, N. Y., the boundary line being between Rouses Point and Lake Lacolete, Canada.

The two prisoners had been notified that they would probably be removed this morning and were already when Detective Boyd, of the secret service, called for them in the debtors' ward.

The United States officers came with three cabs and the party left the jail a little after 7 o'clock.

They drove immediately to the Bona Venture station, where the prisoners breakfasted in the station dining room, Messrs. Boyd and White, of the United States secret service remained with them, while Chief Flynn and his other men remained outside, keeping an eye on the various doors leading in and out of the station, Chief Carpenter and Inspector McMahon, of the Montreal force, keeping them company.

At half past 8 o'clock the prisoners went to the train.

First came Greene, accompanied by United States Detective White and Inspector McMahon, and next Gaynor, accompanied by United States Detective Boyd and Chief Carpenter.

Around these two small groups of the United States rallied until the parlor car of the train was reached. The prisoners went into the smoking compartment with Chief Carpenter, Chief Flynn and Messrs. Boyd and White.

When asked if they had anything to say before leaving, Colonel Gaynor replied that they were glad to go back at last, and that they would have nothing but the kindest remembrances of their treatment in Canada. Colonel Gaynor's daughter-in-law was on board the train when the prisoners arrived, and his son arrived at the station just before the train left.

On arriving in New York the party will proceed straight to the Pennsylvania railway station.

Will Revoke Proxies.

New York, Oct. 9—The Tribune today says that in view of recent legislative committee insurance disclosures policy holders of the Mutual Life Insurance company, a reported learned yesterday, have started a movement to revoke proxies authorizing some one to vote in the policyholder's stead. A well known Broadway lawyer, whose name is withheld for the present, is at the head of this movement, and a conference looking to the organization of interested policyholders with this end in view is to be held next week.

Accidentally Shot Son.

Augusta, Ga., Oct. 9—William D'Antignac, a well known cotton man, and formerly deputy sheriff, fatally injured his 3-year-old son accidentally. When about to leave the house he bent over to kiss the little one and a pistol falling to the floor from his pocket, struck the floor and exploded. The bullet ranging upward, passed through the arm and entering the right side, found lodgment in the liver of the little child.

VOTE FOR BONDING AND ADVANCEMENT

An Appeal to the Wise Judgment of Gainesville Citizens.

SHOW THE "GAINESVILLE SPIRIT"

What We Can Do if We Vote for and Carry the Bonding Question—Good Business Sense Will Carry the Day.

To The Editor of The Sun: During the past few days I have been looking into the question of electric lighting more closely and minutely, and as a result of this examination I am more than ever strongly convinced that Gainesville ought to own and operate her own electric light and power plant. I am firmly of the opinion that the plant in ten years would maintain and pay for itself, and the profits thereafter, converted into a sinking fund, would nearly, if not quite, be sufficient to pay off the entire issue of bonds at maturity. If I know a good business proposition when I see it, this is the greatest opportunity ever presented to our city. We are standing at the gate to an era of unlimited prosperity and development, and have but to open and walk in.

There are now scattered thickly all over the State numbers of wealthy turpentine operators, lumbermen and successful farmers now living in the country, but who are looking about for a town in which to settle permanently where they can educate their children and enjoy the comforts of life. Within the past few months so thoroughly and favorably has Gainesville been advertised that the eyes of these people have been turned in our direction, and to my certain knowledge numbers of them are contemplating making this their home. It is our spirit of enterprise that has attracted them. Should we now turn back, or, what amounts to the same thing, call a halt in our march of progress, these people will turn to other towns more progressive and enterprising. But we are not going to call a halt. There is no doubt in my mind that ten years from today will see Gainesville one of the largest, prettiest and most prosperous inland cities in the State. But if we are to grow we must prepare for growth. It will not come of itself; we must go after it.

Towns all over the State are bonding for public improvements. Gainesville, always in the lead, is not now going to fall behind. We must stay at the head. Not our reputation only, but our prosperity is at stake on today's ballot. A vote against bonding is a vote against prosperity and progress. Voting these bonds does not by any means commit the city to the plan of furnishing its citizens lights and power. That question will be decided by the Board of Public Works after they have made a careful and exhaustive examination of the whole question; and we can certainly trust the good business sense of these good business men.

There is no doubt at all about the bonding carrying by a good majority, but we owe it to ourselves and to the fair name of our city, to carry it by an overwhelming majority. I hope our people will turn out and show to the people of the State that the "Gainesville Spirit," of which they have heard so much, is still very much alive. There ought not to be twenty votes against bonding. To carry the measure means much—to carry it by a rousing majority meant still more. Let every friend of the city turn out and vote for health, comfort, progress and prosperity. W. R. THOMAS.

Prominent Lawyer Was Here.

Col. J. H. Jones of Orlando, a prominent attorney and member of the law firm of Jones & Jones, was in the city Saturday on important legal business.

The firm of Jones & Jones is one of the most widely known of its kind in South Florida. His associate and brother, Hon. John D. Jones, is State's attorney for the Seventh Judicial Circuit.

The people of Gainesville will always take special pleasure in extending a cordial welcome and greeting to the gentleman here Saturday, as it will be remembered he was legal to Gainesville and appeared before the Board of Control and Educational Board at Tallahassee as a representative of the people of South Florida, and made a strong and brilliant argument in advocacy of Gainesville as the seat of the new State University.

MAYOR OF FRANKFORT, KENTUCKY

Tells of What Vinol is Doing in the South.

"To Whom it May Concern: For the benefit of the people of Gainesville permit me to say a few words in the columns of The Sun endorsing the peerless merits of that modern cod liver oil preparation, Vinol.

"For years I suffered from indigestion, stomach trouble and general nervous debility. I had spent lots of money with different doctors and tried all kinds of medicines, but without any benefit whatever.

"Some of the city officials and prominent citizens here called my attention to what Vinol had accomplished for them and induced me to give it a trial. I must confess that it certainly worked wonders for me. It was delicious to

take and did not upset my stomach like old-fashioned cod liver oil and emulsion; it gave me a hearty appetite, cured my stomach trouble and strengthened and invigorated my entire system. I wish every sick person in Gainesville would try this great cod liver oil preparation, Vinol."—J. S. Darnell, Mayor of Frankfort, Ky.

Our local druggist, W. M. Johnson, says: "The above letter is perfectly genuine, and we endorse all Mayor Darnell says. We guarantee Vinol to increase the appetite, cure stomach troubles, renew the vitality of the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or we will return to the purchaser every dollar paid for it." W. M. Johnson, Druggist.

Republicans Nominate Hughes.

New York, Oct. 9.—The committee sent to confer with Charles E. Hughes, examining counsel for the legislative insurance investigating committee and who was nominated for mayor by the Republican city convention last night, left Mr. Hughes' home early this morning. The committee, headed by Timothy L. Woodruff, would not discuss their conference with the nominee. Later Mr. Hughes summoned the waiting newspaper men and said: "I have given no encouragement to the subcommittee, and I am strongly convinced that I ought not to accept the nomination. I will say nothing further until formal notification of the nomination is given me. I am told that notification will be on Monday."

Favor "Gothenburg" Saloons.

Los Angeles, Cal., Oct. 9—As the result of a formal proposition submitted in writing to the city of Los Angeles today there is a possibility that the "Gothenburg saloon system" may be installed in this city, supplanting the present private ownership of the two hundred saloons here. The proposition came from twenty-five of the leading business men of the city, among the number being several possessing personal fortunes of millions. It is proposed by these men as a company, to pay to the city the um of $180,000 per annum for the two hundred saloon licenses now in operation to the city, and to reduce the total number of saloons from 200 to twenty-five.

Turkish Field Marshal Dead.

London, Oct. 7.—A dispatch from Constantinople today announced the death of Field Marshal Edhem Pasha, who was commander-in-chief of the victorious Turkish army in the war with Greece, and who also distinguished himself during the defense of Plevna against the Russians.

Stranded Steamer is Floated.

Norfolk, Va., Oct. 7.—The Italian steamship Citta di Palermo, which was floated yesterday after having been aground on Diamond Shoals off the Hatteras coast 56 hours, was found to be practically uninjured and the vessel proceeded to New Orleans.

Release Russian Transport.

Tokio, Oct. 6.—1:30 p. m.—The navy department announces the Russian transport Angan was overhauled near Cape Siretoke, but was released on showing a pass from Captain Shimamura, chief of staff of the standing squadron. It was also shown that the Angan had no contraband aboard.

Illinois Bank Fails.

Washington, Oct. 7.—The comptroller of the currency has received a telegram announcing that the Peoria National bank of Peoria, Ill., has closed its doors upon the orders of the board of directors.

A Measure For Chefs.

Twelve-year-old Dorothy is already a cook of no mean proficiency. Saturday morning frequently finds her in the kitchen, being initiated into the making of some simple dish.

"Oh, put in a moderately generous pinch of salt," her mother will reply to her anxious inquiry, or her grandmother will give a professional glance at the stewpan and say, "Well, if I were making it I think I'd probably put in quite a little more butter."

Such remarks, coming easily from the tongues of artists who have only to look at a bit of cookery in process of making to know exactly what it needs, are exasperating to a youthful cook, especially one who inherits from "the other side" a predilection for scientific accuracy of statement.

Recently Dorothy, returning from a visit, excited even the interest of those passed masters, her mother and grandmother, by making a wonderful new salad dressing. The two ladies shortly afterward tried to make the dressing, under Dorothy's instruction.

"How much sugar did you say, Dorothy?" asked one of her pupils, bending with flushed face over the stove at a critical moment.

"Well," said Dorothy, with unnatural deliberateness, "if I were making that dressing, I shouldn't be surprised if most likely I'd put in a moderately generous heaping tip end of a medium sized tablespoonful."

"Elephants a Pilin' Teak."

It is in the work of piling logs that the extraordinary intelligence of the elephant is best shown. In the sawmills elephants are used in every department. One will drag a log out of the water to the saw bench and with his tusks place it on the table, while at the other end his mate is waiting, and when the buzzing circular saw has converted the round tree into a four sided log he lifts it off the bench, places it on the ground and drags it out to the storage yard, where he puts it carefully into position, placing one log exactly on the top of the other with wonderful precision. Elephants can pile logs to the height of their foreheads. When the squared logs are wanted for shipment the elephant picks out the required number and drags them down to the waterside, and, when necessary, enters the river and holds the logs in position while they are being bound together by the raftsmen. After that he leaves the log to man's devices.—London Mail.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason.

Every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis.

For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge.

Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle:

Dear Mrs. Pinkham:—

"I had been suffering with falling of the womb for years and was passing through the Change of Life. My womb was badly swollen; my stomach was sore; I had dizzy spells, sick headaches, and was very nervous.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all these distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

The Old Stone Fort at Chambly.

One of the most picturesque remains of the glories of New France, whose history and legends date back to the age of Frontenac and La Salle, is the old stone fort at Chambly, in the province of Quebec. The tablet on the ruins, with its motto, "Courage and Loyalty," in French, bears this inscription: "In the reign of Louis XIV. of France and Navarre, the Marquise de Vandreuil being governor of New France, this fort was erected in 1711, burned in 1776, restored by Gty Carleton in 1777, abandoned in 1847. It was repaired in 1882 in the reign of Victoria, queen of Great Britain, the Marquis of Lorne being governor general of Canada," etc. A fact which the inscription kindly fails to record is that the burning referred to was by the American troops, who, having captured the fort in 1775 under General Montgomery, burned it the following year when they retreated to Lake Champlain. The various restorations have been made skillfully to harmonize with the weather beaten portions which resisted the fire of 1776.

A Story With a Moral.

A prominent New York banker was dilating on the dangers of deceit. By way of illustration, he told of a society woman who saw in a jeweler's window a collar of pearls that she wanted. She inquired the price and was told $6,000. She gave her check for $3,000, saying she would send her husband to see the pearls, but the jeweler was to tell him they cost only $3,000. The storekeeper was familiar with that sort of game and agreed. The husband came to see the pearls, and that evening told his wife he had bought them. His wife delightedly asked if he had brought home the collar, whereupon he replied: "No, dear; I had it sent to my mother. You know, it is her birthday tomorrow."

BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is depeadent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address

Nearing a Crisis.

Jackson (whose financial credit is gone)—I tell you, Witherbee, we are on the verge of a financial panic. Witherbee—Pshaw! What makes you think that? Jackson (confidentially)—Well, sir, Bagley and Roberts used to lend me small sums a year ago, but when I go to them nowadays for five or ten pounds they tell me frankly that they haven't got it. Bagley and Roberts are two of our best business men, too. I tell you, sir, we're going to have a panic.—London Express.

Indifference.

Indifference may not wreck the man's life at any one turn, but it will destroy him with a kind of dry rot in the long run. To keep your mind already made up is to be dull and fossiliferous; not to be able to make it up at all is to be watery and supine.—Bliss Carman's "Friendship of Art."

Heart Weakness.

Dr. Miles' Heart Cure has made many hearts well after they have been pronounced hopeless. It has completely cured thousands, and will almost invariably cure or benefit every case of heart disease.

Short breath, pain around heart, palpitation, fluttering, dizzy, fainting and smothering spells should not be neglected. Take Dr. Miles' Heart Cure and see how quick you will be relieved.

It cannot make a new heart, but will restore a sick one by strengthening the heart nerves and muscles, relieving the unnatural strain, and restoring its vitality.

"I had a very bad case of heart trouble. For six months I could not work. Last July I was plowing corn and feeling bad all day; in the afternoon in plowing one row I had to lay down, or fall down, three times. My heart throbbed as though it would burst through, and I had difficulty in getting my breath. I purchased a bottle of Dr. Miles' Heart Cure, and before I had used half of it I could lay down and sleep all night. Previously I had to get up from five to ten times a night. I have taken several bottles, and my heart is as regular as clock work. I feel like a new man, and can work considerable for an old man, 64½ years old."

H. D. McGILL, Frost, Ohio.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

THE YELLOW FEVER.

Four Deaths at Pensacola—New Orleans Steadily Improving.

Pensacola, October 9.—There were 18 new cases reported yesterday and no deaths, and the people are feeling rather gloomy over ther situation. Up to noon there were four new cases reported and four deaths. Cases were reported this morning all over the city, while the deaths are also widely scattered. Ignorance on the part of the Greeks and negroes is largely responsible for the spread of the disease.

At New Orleans.

New Orleans, October 9.—The situation in this city is improving. The record for the twenty-four hours ending at 6 p. m. yesterday showed 19 new cases and no deaths. From 6 p. m. yesterday until noon today there were nine new cases and one death.

Total number of cases to date, 8,204; total deaths, 411.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed.

Why He Wanted a Tenner.

Application was made at half a dozen stores before the man could get one ten dollar bill for his roll of ones. "I don't see," said the man's companion, "why you went to all that trouble. You are going to pay the money right over to your tailor. Why didn't you give him the one dollar bills?"

"Because it would make a bad impression," was the reply. "I am broke, but I don't want him to know it. Whenever you get in that fix pay your debts in the largest bills that you can get hold of. It enhances your value in the estimation of tradesmen and paves the way for further credit. A fellow will think a heap more of you if you pay with one five dollar bill than with five ones. A handful of chicken feed indicates that you have had to hustle around pretty lively to get the money and that there isn't much left where that came from. A man who really has money can afford to pay in pennies if he feels like it, but he who has little can keep up his credit only by using large bills."—New York Press.

LIFE INSURANCE.

When the State Legislature of Florida had that insurance bill up for consideration at the last session, many people pooh-poohed the idea, but it seems to quite a number at the present time that Governor Broward had a sensible conception of the matter, and it is now conceded that the State would have been lucky had the measure been made a law. So positive are some that it would have been a benefit not only to the State, but to those who desire insurance, that it has been hinted that a special session of the Legislature, for the purpose of passing such a measure, would be a great benefit to the people of the State and to the exchequer as well.

In the recent insurance investigation at New York, when the New York Life, the Equitable and the Mutual Life have been undergoing an investigation at the hands of the Legislature of that State, the revelations brought forth have been startling. The receipts of the Mutual for the year 1904 reached the handsome sum of $81,002,984, and the expenses in that time were $16,898,456. And when it is taken into consideration that the money of the company was expended with a lavish hand, it is plain to be seen that a State company for Florida might make a handsome revenue for the people and give them life insurance at a much lower rate than is offered by any of these companies that have money to throw away for campaign purposes and allow even the office boy to help himself to hundreds of thousands of dollars that belong to their policy holders.

A State insurance company would keep much of the money at home our people are now pouring into the treasury of these high-class frenzied financiers, and the revenue derived from this source would pay all the expenses of the State.

SUNSTROKES.

Men do not call it gossiping when they discuss their neighbors. It is only "visiting" with them.

Judging from the number of "blind tigers" captured within the past few weeks, this must be the open season.

Don't be modest about giving us the news you have, so we can tell it to our hundreds of readers.

John D Rockefeller told the citizens of Cleveland, who gave him a surprise, that mere money getting should not be considered all there is in this world. And after the event the order goes out: "The company has advanced the higher grades of oil five cents and the lower grades two cents." Gainesville, Oct. 8, 1905.

The Washington Times says that the Civil Service Retirement Pension Association is only a private concern, whereby the men and women in the Government employ assess themselves so much to put into a fund to pay those who are retired on a pension. That being the case, what is the reason of their airing the scheme as a pension movement? Why don't they call it a mutual benefit association and not a "pension association?" There is a very bad odor lingering around some of the Government pensioners, and the less the word is used the better for the atmosphere.

General Jackson was born in either North or South Carolina, and it is not definitely known which one, so the Daughters of the American Revolution don't know where to erect the monument they have made for him. At most the question is a mere matter of State boundary, and the settlement at Waxhaw, where Jackson was born, has been on both sides of the line, so either and both States may have the glory of having been his birthplace at one time in its history.

They have a new way of applying the "big stick" on the Panama canal. When they get a cargo of Martinique negroes at Colon and they refuse to disembark and work, gangs of police with their "big" sticks club them into submission. That is hardly twentieth century civilization.

Over in Gainesville the other day a "blind tiger" criminal was arrested, tried and convicted in the mayor's court, and the fellow fined $500 and costs. That way of enforcing the law makes "blind tigerism" too costly to be popular.—Live Oak Democrat.

Secretary Shaw says the country is in need of a more elastic currency. He is right. One that will stretch over the rent and grocery bills and leave a little margin for the savings bank, is the kind of currency the country wants.

CONSUMPTION, COUGHS, COLDS, BRONCHITIS ASTHMA, SORE THROAT, HOARSENESS WHOOPING COUGH AND CROUP
DO NOT DELAY
Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it was known by it's proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.
WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

d'Antignac Will Try Again.

New York, Oct. 9.—Romaine d'Antignac, brother of Therese Humbert, who was deported by the immigration authorities a few weeks ago, will probably make another attempt to land on American soil. He claims that the offense for which he was convicted and sent to prison in France would not be an offense under the laws governing corporations in this country, and that, therefore, his deportation was illegal. D'Antignac's attorney in New York have notified him of the results of their investigation and as soon as the letter reaches him it is believed he will sail.

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

WANT LYNCHIN GLEGALIZED.

Texans Desire Authority to Kill Negroes Who Commit Rape.

Chicago, Oct. 9.—A dispatch to the Tribune from Houston, Tex., says:

A petition from a number of citizens, headed by G. W. Knight, of San Marcos, has been presented to Governor Lanham asking that the state permit mob punishment of negroes who assault women.

The governor is asked to indorse a policy of absolute unprotection to negroes guilty of assault, insuring that they be given no trial by legal inquiry of any kind, and that they may be hanged instantly as soon as apprehended.

Governor Lanham's response principally is directed to the legal phase of the proposition. It is set forth that it is impossible for him to countenance the policy in view of the oath of office and the state legislation which he is bound to project.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Foul Play Suspected.

New York, Oct. 9.—The police of Munhall are of the opinion that Cassaway Davis, the young man who worked under the name of Oliver Hall, as a fireman in the Homestead Steel Works' transportation department, has met with foul play, according to a dispatch to The Herald from Pittsburg, Pa. Although his parents, who live at Davis, W. Va., have not received any word which would lead them to think that he is being held for ransom, the detectives who have been looking over the ground in Homestead favor that idea. A large number of private detectives, employed by the young man's uncle Henry Gassaway Davis, are working every possible clew.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Lumber Yard Destroyed by Fire.

New York, Oct. 5.—The lumber yard and stables of the firm of J. Reuben Rose, at the foot of East One Hundred and Eighth street, were destroyed this morning by a fire that started shortly before 1 o'clock and for a time threatened a large section of old Manhattan Island. Four alarms were turned in from the spectacular blaze. The loss was estimated at nearly $100,000.

Mothers

Who would keep their children in good health should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. Sold by W. M. Johnson.

KILLED TEN-YEAR OLD BOY.

Crime of Alabama Negro Is Charged to Chicago Physician.

Chicago, Ill., Oct. 9.—Dr. Oliver P. Hart, a young physician residing in the suburb of Rogers Park, is in the custody of the police pending further investigation regarding the death of Leon Walker, 10 years old, whose body was found yesterday in the residence of the physician.

It is the opinion of the police that a charge of murder will be lodged against Dr. Hart, and that he will have much trouble to escape conviction.

The girl died in a bedroom of the doctor's residence, to which she and the physician had been locked for several hours. It is the opinion of the authorities, based on the facts disclosed at the inquest held today, that the girl was chloroformed, and then poisoned in an attempt to conceal the crime.

After it was impossible for the child to recover the doctor swallowed morphine and lay in an unconscious condition all of last night, and during the greater part of today. Late in the evening he partially recovered, and was brought to the city and locked up in the East Chicago police station.

TAFT WILL BUILD CANAL.

Secretary of War Will Have Work Under His Supervision.

Washington, Oct. 9.—The passage over the Isthmian canal affairs will be under Secretary Taft, who will go to Panama in November to investigate the situation there, and thoroughly inform himself of the conditions in general terms.

The decision to keep the control of the work in the war department instead of transferring it to the state department, was definitely reached today at a conference that followed the cabinet meeting.

Plans for the work is to proceed under the direction, Secretary Taft will go to Panama, go over the situation in detail and return to Washington before the time congress convenes. During that week the secretary will confer with the architect of finances and determine as to what recommendations will be made to congress respecting the issue of bonds which have been authorized by congress.

Secretary Taft will give every feature of the canal administration his personal attention.

Some Sensible Advice.

It may be a piece of superfluous advice to some people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is always to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by having the remedy at hand. This remedy is so widely known and so universally good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Printers Strike Unbroken.

Charlotte, N. C., Oct. 5.—Secretary C. M. Alexander, of the Charlotte Typographical union, has given out the following signed statement concerning the strike: "The strike of the union printers in Charlotte for an eight-hour day is not settled, and the shops will not be open until so declared by the typographical union, which action is very improbable. Of forty strikers, three only have deserted. Charlotte is a typographical union."

Dysentery and Indigestion Cured.

Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months, when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Hiles, Tollamore, Ontario, Canada. A Curious Custom.

In Eyrold, a small Northamptonshire village in England, a curious old custom is still observed in connection with the letting of certain land. The ceremony is held in different licensed houses in the vicinity, and the clergyman presides over the proceedings. The company, chiefly consisting of local farmers, is seated round a large table. Presently one of them rises and bids a certain amount, immediately walking round the table and out of the door. If this can be done before the next bid is made, the land is his for the season; if not, bidder No. 2 commences the walk, and so on. This curious auction occupies some considerable time and causes great excitement.

Interested.

An English magazine tells a court story. A counsel in the middle of his cross examination was handed a telegram. "Hello," he said, as he read it, "So-and-so has won the Derby." "Mr. A.," said the judge severely, "it is very unseemly that in the course of solemn judicial proceedings, where a man's liberty and reputation are at stake, you should be talking of the winner of a horse race. Er—by the way, does the telegram say which were second and third?"

NOTICE OF APPLICATION FOR LETTERS PATENT.

Among the visitors to this city is John V. Denson, formerly a resident here but now engaged in the wholesale commission business in New York, where he is prospering. His numerous friends are glad to welcome him, and to know that he is doing well.

A. McDavid of LaCrosse was greeting old friends in Gainesville yesterday. He was for many years a citizen of this city and his numerous friends were glad of the opportunity to again cross palms with him. The Sun acknowledges a pleasant call from the gentleman.

A. A. Johns of Starke, one of the leading business men and citizens of that progressive town, was in the city yesterday. Mr. Jones has the distinction of representing his constituents as an alderman. He is very much impressed with Gainesville, however, and says he may locate here in a few months.

Jasper Malphurs has returned from the State Encampment at Orlando to let John Carlisle off to be present with the company during the balance of the time the boys are in camp. He reports all the boys feeling well except Will Holly, who was slightly indisposed. John Carlisle left for camp on Sunday.

Notice to the Public.—We will sell at Lennon, Fla., Monday forenoon at 10 o'clock sharp, on October the 16th, forty-eight head of fine mules and two horses at public auction to the highest bidder. Lennon is centrally located on the Seaboard Railway, between Bronson and Otter Creek, in Levy county. Fowler & Son.

Jesse E. Burtz, city editor of The Sun, has been released from duty on the local work for a few weeks in order to give him time to devote to the Industrial Edition, upon which he is now actively engaged and to which his entire time will be devoted. Mr. W. W. Ashley has taken his place as city editor and any favors shown him will be duly appreciated by him and the manager of The Sun.

S. R. Swarthout of Chicago is in the city for a few weeks, the guest of his daughter, Mrs. H. F. Dye of Gainesville. Mr. Swarthout is a salt inspector for the International Salt Company of Chicago, one of the leading concerns in this line in the country. This is his first visit to Gainesville and he is quite favorably impressed with its future prospects. To a few of his new acquaintances he expressed a desire to locate here permanently.

READ THIS.

Mobile, Ala., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. R. Clark,
M. & C. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

NEW YORK RACKET.

PHIFER BROS.,

Phifers' Corner.

A. M. Cushman returned Saturday from the meeting of the Grand Encampment of the I. O. O. F. at Philadelphia and reports a very pleasant time. There was nothing much but routine work transacted at the meeting and the reports show the order in a prosperous condition.

Mr. and Mrs. A. W. Sargent, accompanied by their daughter, Miss Fannie, who have been the guests of Mr. and Mrs. A. W. Sargent, Jr., for several days on their return from an extended visit in the East, left on Monday for their home at Avon Park, DeSoto county. They formerly resided in this city.

See my samples for men's fall and winter suits; over 500 to select from. Prices the lowest, styles the latest, workmanship the best. We make suits to measure for $7.50 and up. Satisfaction guaranteed or money refunded. Have also on hand a stock of sheet music. Can furnish all late and popular pieces. C. F. Dorman, at Harper & Chase's music store. d1m

Among the prominent visitors to Gainesville yesterday was Postmaster S. O. Dell of Alachua, who was here on business. He made The Sun an agreeable call. Notwithstanding that Mr. Dell is probably the youngest postmaster in the State, he fills that responsible position with efficiency and satisfaction to the patrons of the office, and he has been complimented along these lines by high authority.

Judge Mason and wife returned on Monday from a most enjoyable visit in the Old Dominion, spending some time at Washington, D. C. Both the Judge and his estimable wife have much improved from the effects of the pleasant trip, and His Honor says that he feels about ten years younger. They were accompanied home by their daughter, Mrs. J. S. Haddock, who will remain about two weeks to visit her old friends in the city and vicinity.

The merchants on the west side of the square have apparently taken on a new life in the matter of window dressing. The windows of several places have been neatly arranged, but the most tasty is the display of the Gainesville Furniture Co., which was arranged by J. K. Abrams, the new secretary of the company. One of the large windows contains a complete office outfit, including typewriter, while in the other is displayed a handsome bed and mattress, with the clever suggestion, "Bed Time," painted in neat, bold letters, on a placard. Mr. Abrams is quite clever in his perception of "the proper way" in advertising, both in window and newspaper display.

An Animal Freak.

One of the most remarkable animal freaks The Sun man has ever seen or heard of, living, is a cow owned by G. T. Kennard, South Gainesville. This freak is in a perfectly healthy state, is six years old and the mother of two calves.

This cow has two bodies and five legs. On the neck there protrudes for about fourteen inches the complete body of a calf, and suspended over this is a perfect limb about eighteen inches in length. This limb is as perfectly formed as possible, even being possessed of a hoof.

Mr. Kennard recently purchased the animal from a party in Marion county. He proposes to send it to the State Fair for exhibition.

The cow is in Mr. Kennard's lot and seems perfectly contented. She may be seen by any person who has the curiosity to go to the Kennard home.

Jerry Carter's Troubles.

Jerry Carter, who was arrested Saturday night for dispensing ardent spirits contrary to the laws of Alachua county and the city of Gainesville, appeared before the bar of justice in the mayor's court yesterday morning, and after hearing the facts in the case as they were laid before his honor, was assessed $25 and costs or thirty days in jail. After giving security for the payment of the fine and costs within sixty days, he was allowed to depart, but not in peace, for he was taken before Justice Colman and there bound over to the October term to appear before the grand jury for the same offense against the peace and order of the county of Alachua. Jerry gave bond for his appearance.

Notice to Water Takers.

The water rents for the quarter ending December 31st, 1905, will be due and payable to T. R. Ellis, collector of revenue, on or before October 10th, 1905. The rules regarding the cutting off of water and turning on the same will be rigidly enforced by order of the City Council, if not paid by the proper time.
